Less than an hour from Melbourne by train or your choice of three motorways, Frankston is an easily accessible destination, whether you’re planning a holiday or making a spontaneous escape.

By car

Frankston is easy to reach. Travel from Melbourne via the EastLink tollway for easy driving or follow the coast route along Nepean Highway. Explore the area at your own pace, either in your own car or hire one from the various major outlets in Frankston City. Taxis are also readily available.

By public transport – trains, buses and ferries

The Transit Interchange in the heart of the Frankston City, makes catching trains and buses simple. Frankston trains depart to and from Melbourne CBD every 10 to 20 minutes. The Stony Point Line train service runs a number of times a day between Frankston and Crib Point.

An extensive public bus network operates from the Frankston Transit Interchange to take you further into the Mornington Peninsula and throughout the surrounding south eastern suburbs.

A regular ferry across Port Phillip Bay links the Mornington Peninsula to Geelong and the Great Ocean Road. The 40 minute crossing between Queenscliff and Sorrento is a fabulous way to experience the bay and also takes cars.

Inter Island Ferries connects Stony Point to French Island (Tankerton) and Phillip Island (Cowes) across Western Port Bay for passengers or cyclists (not cars).
